Municipalika + CAPEX + PWX: India's only 360-degree event on city development & public works

Municipalika is India's only 360-degree platform dedicated to urban innovation, infrastructure, governance, housing, mobility, sanitation, energy, and public services. Returning in its 19th edition, **Municipalika 2026: Powering Viksit Bharat @2047** will serve as the most comprehensive forum for advancing India's urban future.

To deliver holistic solutions, Municipalika is co-located with:

CAPEX: India's leading platform for advanced construction technologies, building materials, architecture, and engineering solutions.

PWX: India's exclusive platform for innovations in public works and civic infrastructure.

Together, these three shows form a **converged ecosystem**, addressing every layer of India's built environment: from housing and urban infrastructure to municipal engineering, civic services & public works.

The Venue: Bharat Mandapam

Bharat Mandapam is a world-class convention centre combines global standards with Indian design, sustainable architecture, and multimodal connectivity. Having hosted global events like the G20, it reflects India's smart, scalable, and iconic urban vision, making it the perfect destination for Municipalika 2026.

Delhi: Urban Innovation in Action

Hosting Municipalika 2026 in **Delhi** adds unique significance. The capital exemplifies the blend of policy vision and on-ground transformation; from the Central Vista Redevelopment and Chandni Chowk renewal to rapid e-mobility expansion. With its proximity to central ministries, think tanks, and urban leaders, Delhi provides unparalleled access to decision-makers shaping India's urban transformation.

Institutional Strength & Partnerships

The 18th edition was organised by **Fairfest Media and Good Governance India Foundation**, & co-organised by the **India Trade Promotion Organisation (ITPO)**.

"Our collaboration as co-organiser for Municipalika 2026, along with CAPEX and PWX, reflects ITPO's commitment to strengthening platforms that drive urban transformation and infrastructure development in India. The partnership underscores the importance of collaboration in bringing together governments, industry, and innovators for world-class events at Bharat Mandapam. We see this as a significant step towards fostering dialogue, showcasing solutions, and accelerating sustainable urban growth."

Jawed Ashraf, IFS, Chairman ITPO

300+ EXHIBITORS

20+ COUNTRIES | 25+ INDIAN STATES | 300+ CITIES

SPECIAL EVENTS

Who Exhibits at Municipalika

Municipalika 2026 unites city leaders, engineers, planners, policymakers, and innovators to co-create the next phase of India's urban growth. The event positions urban development as the engine of economic growth, sustainability, and inclusion. Witness groundbreaking solutions from leading minds across the globe in:

Water & Wastewater

Sanitation, Solid Waste Management & Recycling

Urban Infrastructure Development

Urban Housing

Smart and Digital Cities

Urban Transportation & Traffic

Electric Mobility

Green Cities

Environment & Pollution Control

Safety & Security

Public Works

What They Said...

This three-day event focuses on important urban issues. Our alertness towards development can be witnessed with such a large no. of people participating from different parts of the country. I wholeheartedly appreciate the team for organizing this exhibition and conference - Municipalika, CAPEX and PWX 2026.

Manohar Lal Khattar, Hon'ble Union Minister for Housing & Urban Affairs and Power, Government of India

Municipalika is a way for us to get together, to advocate, to share knowledge and practices on how to overcome the urban challenges. These platforms allow us to exchange practices, build coalitions and work together to find solutions to the challenges cities are facing.

Anaclaudia Rossbach, United Nations Under-Secretary-General & Executive Director, UN-Habitat

What They Said...

Municipalika has helped us in a big way. We have been participating in Municipalika for several years and have been able to showcase our products and solutions to many government organizations and departments. The quality of the crowd that walks into the Municipalika event is great.

A. L. Narasimhan, Vice President – Strategic Business Alliances, PRAMA India Pvt Ltd.

This is an apt platform which provides multilateral discussions, and a cross-functional exhibition showcase. The way Municipalika is evolving and the way mayors are attending, it is rather a great way of supporting the Government of India initiative of Viksit Bharat. I congratulate the team.

Sanjay Kulshrestha - Chairman & Managing Director, Housing and Urban Development Corporation Ltd. (HUDCO)

Events like Municipalika help us in identifying and focusing on the priorities for our cities. It also helps us in getting an experience of learning from other cities who may have done well and their examples can be copied *mutatis mutandis* for our cities.

Dr. Jairaj Phatak - Director, All India Institute of Local Self-Government

Municipalika brings together different stakeholders... municipal corporations, policy makers and different industry leaders with a common vision to address pressing needs like water scarcity and water management.

Girish Kale, Sales Director - Municipal Business, Veolia Water Technologies Solutions

- Urban Designers

What They Said...

I congratulate the organizers of the Urban Innovation Challenge and Municipalika for creating a platform that brings policymakers, industry, and youth together, empowering young minds to co-create India's resilient and sustainable urban future.

Ashish Sood, Hon'ble Minister for Urban Development, Home, Power, Education, Higher Education, Training & Technical Education, Government of NCT Delhi

This is an unprecedented wave of urbanization. We are looking at retrofitting and repairing the existing cities, as we build new cities. We are also looking at a regional approach to urbanization, shortened by distances. With three hundred odd exhibitors here, the effort of the Municipalika team is very well visible.

D. Thara, IAS, Additional Secretary, Ministry of Housing and Urban Affairs, Government of India

In Municipalika, people from different cities including politicians, administrators and all the other guests, have come with their own visions, to promote the development of cities. Many visitors have come with new policy ideas and fresh thinking. The three-day event provides a great vision for our cities, so that better facilities can be provided to the people.

Renu Bala, Mayor, Karnal & Chairperson, All India Council of Mayors
